Dear President,

The Portuguese Federation of Sport Fishing has the honour and great pleasure of inviting your country's national team to participate in the 7th World Championship Feeder Fishing for Clubs, which will take place from May 27th to June 2nd, at the Odivelas Dam – Alvito.

Portugal is a welcoming country and sport fishing is a sport of choice for the thousands of Portuguese.

The Portuguese Federation of Sport Fishing, the Regional Association of Sport Fishing of Baixo Alentejo, and the Alvito Town Hall dedicate enormous commitment to this event and thus will feel enormously proud and grateful for your presence.

In the name of the F.P.P.D. and on my personal behalf, we wish everyone who visits us an excellent stay and that this Championship achieves its objectives, taking place in an environment of peace, friendship and above all, “fair play”.

Best regards,

F.P.P.D.

The President

Carlos Baptista

27 DE MAIO A 2 JUNHO | 2024
BARRAGEM DE ODIVELAS - ALENTEJO - PORTUGAL

Dear anglers and participants,

It is with great pleasure that we welcome the World Championship of Feeder Fishing for Clubs, in close collaboration with the Portuguese Federation of Sport Fishing in a synergy that begins this year and we hope that it will be the first of many collaborations in the organization of various world championships. My gratitude goes to the Portuguese Federation of Sport Fishing and the International Federation for believing in Alvito and his local authority to carry out such an important event. A word of thanks also goes to the Regional Association of Sport Fishing of Baixo Alentejo and the Club Amadores de Pesca do Baixo Alentejo for their commitment to ensure that this Championship takes place with all dignity in Alvito, which knows how to host so well.

We are committed to making it a habit to hold major competitions on the banks of our Odivelas dam, in the heart of Baixo Alentejo, a magnificent space that invites you to visit. Therefore, I extend my invitation to all those who wish to follow this competition, to visit the beautiful town of Alvito and participate in the series of activities that will take place in parallel with the Championship.

The wealth of fish is known, which affirms Alvito as a privileged place for sport fishing, being considered one of the best fishing grounds in the world. The Odivelas dam is home to a variety of species, namely Carps, Carassius, Barbels, Catfish and Bleaks, and artisanal angling has developed.

Welcome, once again, to Alvito and our Odivelas dam.

I would like to take this opportunity to wish all the participating teams and their anglers good luck in competing in this World Championship of Feeder Fishing for Clubs.

José Manuel Carvalho Penedo Martins Efigénio

WORLD CHAMPIONSHIP
FEEDER FISHING FOR CLUBS
ALVITO MAY 27 TO JUNE 2
BARRAGEM DE ODIVELAS - ALENTEJO - PORTUGAL

Competition Location

The Odivelas dam is located on the border between the municipalities of Alvito and Ferreira do Alentejo.

It was built in 1972 on the bed of the river that gave it its name and in the Sado river basin, making it one of the largest dams in the region.

In Alentejo, it's a very rich place from an ornithological point of view, being recommended for those who enjoy bird watching and where it is possible to observe dozens of species such as: the great crested grebe, the collared pratincole, the hawfinch, the snowy egret, the grey heron or the white stork.

- **Fish Species:** Carps, Barbels, Carassius, Catfish, Bleaks, Zanders and Largemouth Bass.
- **Location and accesses:** Coming from Lisbon or the Algarve: follow the IC1 until Santa Margarida do Sado; then follow by IP8 until Ferreira do Alentejo, then continue north, by N2 until Odivelas, 3 kms ahead, you'll find a sign, on your right, indicating Odivelas Dam.
- **Sport and Leisure Activities Permitted:** Fishing, Swimming, Sailing Boats, Windsurf.

Observations: It has a dirt access ramp, a pier and river beach. Good place for bird watching.

Characteristics of the Odivelas Dam

Depth of the Zones and usual Fishing distances:

- Zones with 3 to 4 meters of depth and fishing between 40/60 meters.
- Zones with 6 to 9 meters of depth and fishing between 20/40 meters.

Crystal clear water without current;

Bottom and shores of earth, with some vegetation.

Most used Baits: Asticot, Corn maize, Earthworms, Wheat.

Most used Groundbaits: Bait for carps or Carassius and seeds (corn maize, wheat and hempseed).

ANTI-DOPING INFORMATION TUE REQUESTS

The athletes participating in the Championship, with the registration, implicitly accept all WADA anti-doping rules.

Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to CIPS for a Therapeutic Use Exemption (TUE) following the CIPS strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website: https://ita.sport/uploads/2021/02/ITA_TUE_Form.pdf.

The TUE request has to be sent to the following address: tue@ita.sport

Athletes must therefore consult the Prohibited List <https://www.wada-ama.org/en/resources/world-anti-doping-code-and-international-standards/prohibited-list>

If the TUE is granted, the athlete will then be permitted to use the medication during the period of validity of the TUE without committing an Anti-Doping Rules Violation (ADRV).

Regardless of whether a TUE has been granted or not, athletes should always declare on the doping control forms filled out during sample collection any medications and supplements taken within the seven days prior to sample collection, and any blood transfusions in the three months prior for blood samples.

If a TUE has already been granted by a NADO or by a RADO, the Athlete in question does not have to apply for any additional CIPS TUE, as CIPS recognizes all TUE granted by NADOs and RADOs.
