

World Championship Feeder Masters | U25

Montargil | Ponte de Sor
Portugal

Invitation

The Portuguese Federation of Sport Fishing has the honour of inviting the national team of your country to participate in the World Championship Feeder – Masters and U25, which will be held in Portugal from 3rd to 10th October, 2026.

The championships will take place in the Montargil Dam, where there are excellent conditions for the practice of this type of sport.

We are looking forward to your presence and participation.

We are sure that athletes and accompanying people who come, will remember, once more, our traditional kindness and the warm welcome that will provide a wonderful and unforgettable stay.

Yours faithfully,

The President of the Portuguese Federation of Sport Fishing

Carlos Baptista

Invitation

Welcome to the World Fishing Championship

It is with great satisfaction that we welcome the **World Fishing Championship** to the municipality of Ponte de Sor, the village of Montargil, and our stunning Montargil Reservoir—the crown jewel of our natural heritage.

Our community has fishing deeply rooted in its history, leisure habits, sports, and communal spirit. Through a close relationship with both International and National Fishing Federations, we have been able to host and contribute to a sporting calendar featuring regular and prestigious competitions. We know that these events have the power to bring the world to our municipality and to take our municipality to the world. We firmly believe in the potential of sport and fishing to internationalize our region's strengths and boost our local tourism.

In our municipality, you will be welcomed with the human warmth that so uniquely characterizes our people. We invite you to enjoy the infinite landscapes of our *montado* (cork oak forests), our rich gastronomy, our identity, our culture, and the beauty of the village of Montargil. We believe in the Montargil Reservoir as a primary engine for our development, and we intend for sport fishing to remain a vital dimension as we continue on this path.

I would like to thank the International and National Federations for their cooperation and availability.

Welcome to our land!

Thank you.

Characterization of Montargil Dam

- Water still and not very clear
- Hard ground with some stones
- Predominant specimens:

Carps, Carassius, Barbels, Catfish and Bleaks

MAXIMUM QUANTITY OF GROUNDBAITS AND BAITS

Baits: 2.5 liters of which a maximum quantity of 0.50 liters of earthworms is allowed in the total baits. Earthworms will be presented whole (uncut). Bloodworms are only for hooks and will be presented in a "official FIPS size" box. After control, bloodworms intended for hooks may be used as groundbait.

The use of jokers is not permitted

Groundbaits: MAX 15 liters including soil, gravel, maize, wheat, hempseed, etc. and other additives that are not toxic to fauna and the water environment.

After the baits and ground baits control and until the end of the competition, re-moist ground baits and earths as well as to stick and preserve the baits, only can be done using sprayers.

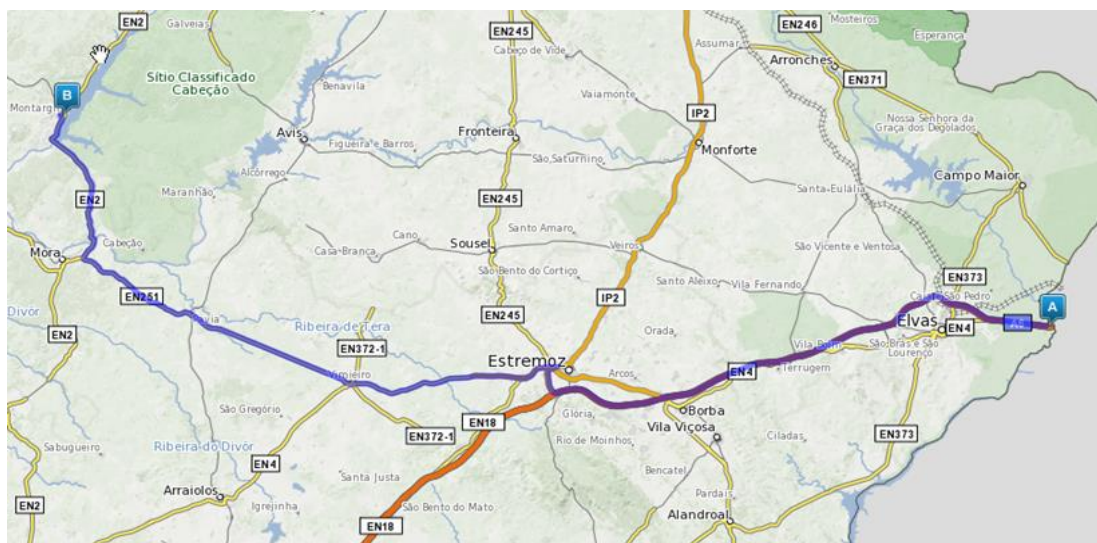

The use of additives, powder or liquid, for a maximal amount of 100 ml, is allowed; the additives can be added to ground bait or bait.

ANTI-DOPING INFORMATION

TUE REQUESTS

The athletes participating in the Championship, with the registration, implicitly accept all WADA anti-doping rules. Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to CIPS for a Therapeutic Use Exemption (TUE) following the CIPS strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website:

<https://ita.sport/resource/international-testing-agency-therapeutic-use-exemption-tue-application-form/>

The TUE request has to be sent to the following address: tue@ita.sport

Athletes must therefore consult the Prohibited List

https://www.wada-ama.org/sites/default/files/2025-09/2026list_en_final_clean_september_2025.pdf

If the TUE is granted, the athlete will then be permitted to use the medication during the period of validity of the TUE without committing an Anti-Doping Rules Violation (ADRV).

Regardless of whether a TUE has been granted or not, athletes should always declare on the doping control forms filled out during sample collection any medications and supplements taken within the seven days prior to sample collection, and any blood transfusions in the three months prior for blood samples.

If a TUE has already been granted by a NADO or by a RADO, the Athlete in question does not have to apply for any additional CIPS TUE, as CIPS recognizes all TUE granted by NADOs and RADOs

CLASSIC FEEDER MASTER AND U25 FIPSeD OFFICIAL RULES

The Rules of this Championship can be consulted here:

https://fips-ed.cips-fips.com/wp-content/uploads/2026/01/Reg_FIPSeD_Classic_Feeder_2026_eng_def-3.pdf

Requirements to represent categories of U25 or MASTERS

The age required for the U25 or MASTERS categories are as follows:

- 1) U25: under 25 years old on 31 December of the year preceding the championship;
- 2) MASTERS: over 55 years old on 31 December of the year preceding the championship.

The 2026 championships will therefore be open to YOUTH (U25) born in 2001 or later and MASTERS born in 1970 or earlier.

CLASSIC FEEDER MASTER and U25 World Championships: 1 team of each category, composed by 4 anglers and 1 reserve who shall be nominated before the draw for each leg.

The competition shall take place by sectors or sub-sectors, in **three** legs of 5 hours each.

For all championships mentioned above, as the competition has three legs, each team can perform maximum two substitutions
